The tender opening session was based on the register of tenders received which was prepared using the information on the envelopes. Each tender envelope had been given a sequential number by the contracting authority upon receipt. The attached summary of tenders received was completed by the chairperson and secretary during the tender opening session. All tenders received were opened. For each tender envelope, the chairperson announced and checked that the summary of tenders received correctly records:

The following tenderers withdrew their tenders before the end of the tender opening session:
